"Our philosophy of giving back to

the community fits well with the goal of SHAREing & CAREing, one of the highest impact charities I have ever been associated with.

"Women, with little or no options for vital health care, are virtually brought back from the brink everyday through the medical programs and outpatient services provided by SHAREing & CAREing. Organizations like SHAREing & CAREing depend on the corporate support of the neighborhoods we serve and we are very grateful that our business community. Greiner-Maltz not only gives back, but they enable us to save lives of the people without health insurance" says Anna Kril, President of SHAREing & CAREing. ■
